Dear 

STAT

Thank you for your letter updating me on our progress with you since our last meeting and for your positive comments regarding the briefings and support from my staff.

I appreciate your suggestions regarding our high end office automation strategy, particularly as it relates to text, graphics and pictorial representations. As you may know, earlier this year my division acquired additional resources from our Hursley development laboratory to complement our workstation efforts in this area. I understand you will be meeting with Dick Hanrahan on June 16, 1986 to discuss our strategy to provide integrated products with text, graphics and pictorial capabilities.

I appreciate you taking the time to write to me directly and look forward to our continued exchange.

  
W. C. Lowe

cc: Mr. R. B. Hanrahan
